Certified Installer Application

This document is to be used by installation companies seeking to become a Proterial Cable America, Inc. (PCA) Certified Installer (CI). Certification permits the installation company to provide PCA's Lifetime Warranty over registered Projects.

CI status is valid for 3 years from the approval & processing date. At the end of that period, the CI status may be renewed with approval from Proterial Cable America PCA sales management. PCA reserves the right to terminate a contractor's CI status at any time.

Please submit this completed application along with the necessary support documentation to begin the certification process. **CI status is only granted to contractors that have participated in approved PCA training programs or to those that have provided documentation of certification with other recognized manufacturers.**

Installer Contact Information:

Date	
Company Name	
Main Contact
