Re: Recognized Connectivity in Proterial Cable America Lifetime Warranty

To Whom It May Concern:

Proterial Cable America, Inc. is pleased to offer a lifetime warranty on all registered Category 5e, 6 and 6A infrastructure projects. Indoor fiber optic cables and connective hardware associated with the project are also covered. The warranty is only available through our certified installers and covers all Proterial Cable America brand premise and fiber optic cables as well as the connective hardware. The lifetime warranty covers not only the physical components of the infrastructure, but the electrical performance of the solution as well. Proterial Cable guarantees that the solution will accommodate all applications intended to operate over the installed products.

Recognized connectivity manufacturers include:

- Belden
- Commscope-TE
- HellermannTyton
- Hubbell
- ICC
- Leviton
- OCC
- Ortronics
- Panduit
- Siemon
- Signamax
- Systemax
- Allen Tel
- R&M
- Huber Suhner

Proterial Cable products are made with pride in Manchester, New Hampshire and plant tours can be arranged. Thank you for considering cable products from Proterial Cable America, Inc. Should you have any questions, feel free to contact me.

Please Note: Proterial Cable America Inc. changed its name from Hitachi Cable America Inc. on January 4, 2023. If you'd like information pertaining to the name change, please [visit our website](#).

Sincerely,

Rayne DuPaul
